Three program areas

Education

Our programs reached more communities this year than in any year before. Volunteers logged thousands of hours, partners opened new sites, and the team rebuilt the intake process so that families wait less and get help sooner.

Health

Our programs reached more communities this year than in any year before. Volunteers logged thousands of hours, partners opened new sites, and the team rebuilt the intake process so that families wait less and get help sooner.

Housing

Our programs reached more communities this year than in any year before. Volunteers logged thousands of hours, partners opened new sites, and the team rebuilt the intake process so that families wait less and get help sooner.
